Interaktywna grafika i prezentacja danych

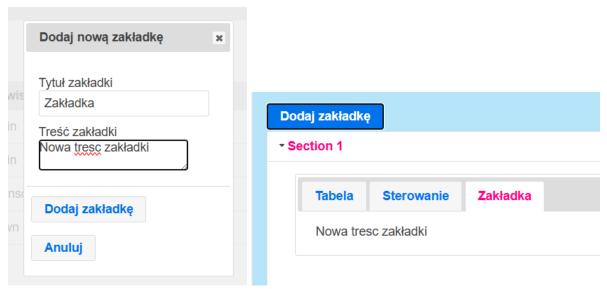

Laboratorium 2

JQuery UI, widgety

```
$(function () {
   $("#accordion").accordion({
    animate: {
     duration: 2000,
     easing: "easeOutBounce",
```

```
};
});
```

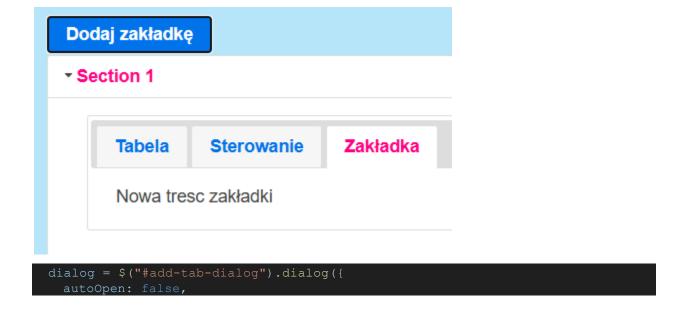

```
$("#tabs").append("<div id='" + id + "'>" + tabContent +
"</div>");
    $("#tabs").tabs("refresh");
    dialog.dialog("close");
}

dialog = $("#add-tab-dialog").dialog({
    autoOpen: false,
    modal: true,
    buttons: {
        "Dodaj zakładke": addTab,
        Anuluj: function () {
            dialog.dialog("close");
        },
    },
    close: function () {
            form[0].reset();
        },
});

form = dialog.find("form").on("submit", function (event) {
            event.preventDefault();
            addTab();
});

$("#add-tab-button")
            button()
            .on("click", function () {
            dialog.dialog("open");
        });
});
```

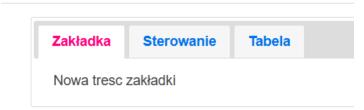

```
modal: true,
buttons: {
    "Dodaj zakładke": addTab,
    Anuluj: function () {
        dialog.dialog("close");
    },
    close: function () {
        form[0].reset();
    },
});

form = dialog.find("form").on("submit", function (event) {
        event.preventDefault();
        addTab();
});

$("#add-tab-button")
        .button()
        .on("click", function () {
            dialog.dialog("open");
        });
});
```

Section 1

```
$(function () {
    $("#tabs")
    .tabs({
        show: { effect: "fadeIn", duration: 500 },
    })
    .find(".ui-tabs-nav")
    .sortable({
        axis: "x",
        stop: function () {
          $("#tabs").tabs("refresh");
        },
    });
```

Table

Zaznacz parzyste wiersze

Imie	Nazwisko	Punkty
Peter	Griffin	100
Lois	Griffin	150
Joe	Swanson	300
Cleveland	Brown	250
Adam	Kowalski	0
Adam	Kowalski	1000

Dodaj nową osobę

```
$(function () {
    // Dodanie checkboxa do nagłówka tabeli
    $("#users").before(
        '<div><label><input type="checkbox" id="toggle-color"> Zaznacz parzyste
wiersze</label></div>'
    );

    // Obsługa zdarzenia kliknięcia checkboxa
    $("#toggle-color").on("change", function () {
        $("#users tr:even").each(function () {
          $(this).toggleClass("highlight", 500);
        });
    });
});
```

Zadanie 6

Zaznacz parzyste wiersze

Imie	Nazwisko	Punkty
Peter	Griffin	100
Lois	Griffin	150
Joe	Swanson	300

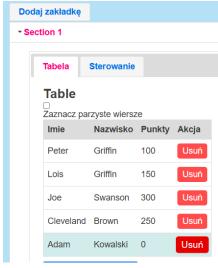

```
tr:hover {
  background-color: #d6eeee;
}
```

Zadanie 7 i 8

```
"<button class='delete-row'>Usuń</button>" +
  ""
);
$("#users tbody").append(newRow);
```

```
newRow.show("slow"); // Smoothly show the new row
    dialog.dialog("close");
}
return valid;
}

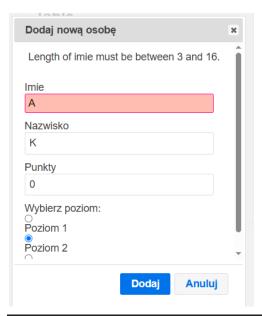

$(document).on("click", ".delete-row", function () {
    $(this)
    .closest("tr")
    .hide("slow", function () {
        $(this).remove();
    });
});
```

```
if (valid) {
    var newRow = $(
        "" +
        "" +
        " +
        " name.val() +
        " " +
        " * (**td*)" * (**td*)"
```

```
.hide("slow", function () {
        $(this).remove();
    });

dialog = $("#dialog-form").dialog({
    autoOpen: false,
    height: 500,
    width: 400,
    modal: true,
    buttons: {
        "Dodaj ": addUser,
        Anuluj: function () {
            dialog.dialog("close");
        },
    },
    close: function () {
        form[0].reset();
        allFields.removeClass("ui-state-error");
    },
});
```

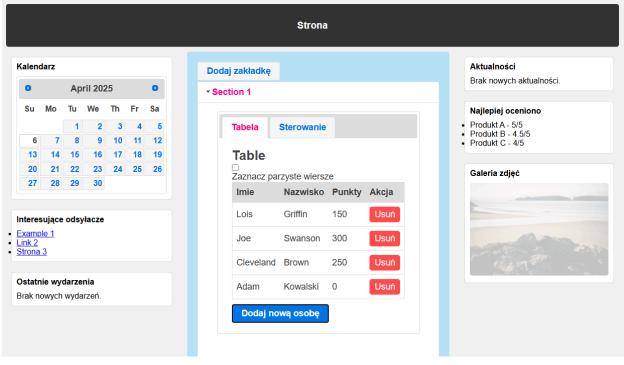

```
function checkLength(o, n, min, max) {
   if (o.val().length > max || o.val().length < min) {
      o.addClass("ui-state-error");
      updateTips(
        "Length of " + n + " must be between " + min + " and " + max + "."
      );
      return false;
   } else {
      return true;
   }
}

function checkRegexp(o, regexp, n) {
   if (!regexp.test(o.val())) {
      o.addClass("ui-state-error");
}</pre>
```

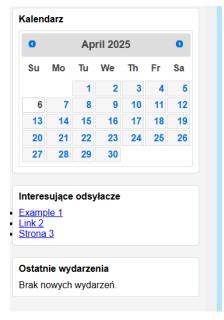

```
updateTips(n);
  return false;
} else {
  return true;
}

function addUser() {
  var valid = true;
  allFields.removeClass("ui-state-error");

  valid = valid && checkLength(name, "imie", 3, 16);
  valid = valid && checkLength(email, "nazwisko", 3, 80);
```

Zadanie 12 i 13

```
$(function () {
    // Initialize the calendar
    $("#calendar").datepicker();

    // Cycler functionality
    function cycleImages() {
      var $active = $("#cycler img:visible");
      var $next = $active.next().length ? $active.next() : $("#cycler img:first");
      $active.fadeOut(2000, function () {
         $next.fadeIn(2000);
    }
}
```

```
});
}
setInterval(cycleImages, 4000);
});
```

Zadania 14 i 15 niestety nie udało mi się zrealizować tak by działało bez zarzutów, zawsze występowały jakieś problemy. Zastosowanie containment w jQuery nie działało zgodnie z oczekiwaniami, elementy wciąż mogły być przesuwane poza strefę. A próba ręcznego ograniczenia ich umieszczania.
